LED UVA T8 7W Tube

The LED UVA T8 7W Tube is specifically designed for JVD insect killers references 855524 and 855625. This LED tube emitter of ultraviolet light (UVA) is ideal for attracting and eliminating flying insects. Its LED technology ensures a long lifespan and reduced energy consumption compared to traditional tubes. Easy to install, it is compatible with the mentioned insect killer models, marketed after January 2025, offering an effective and durable solution for pest control.

PRODUCT PLUSES

- **High Efficiency:** Attracts and eliminates flying insects.
- **Extended Lifespan:** Long-lasting LED technology.
- **Low Consumption:** Significant energy savings.
- **Easy to Install:** Compatible with JVD insect killers 855524 & 855625 (>01/2025)

ECO-FRIENDLY

- Thanks to its low energy consumption and long lifespan, it reduces the frequency of replacement and environmental impact compared to traditional fluorescent tubes. Additionally, it does not contain mercury, making it a safer and more environmentally friendly option.
