Smart HEPA Filter – Shield Compact

The Smart HEPA Filter is the official replacement filter for the Shield Compact air purifier (ref. 8772134). It captures and neutralizes contaminants, pollutants, allergens and odours present in indoor air. For optimum performance, replace it after 4,000 hours of use, approximately 1 year at 8 h/day in continuous operation. Easy to replace, it comes supplied with all necessary tools.

PRODUCT PLUSES

- Designed for intensive and continuous professional use
- Captures and neutralizes contaminants, allergens and odours
- Service life: 4,000 h, approx. 1 year at 8 h/day continuous
- Simple replacement, no on-site technician required

ECO-FRIENDLY

- Long service life filter (4,000 h) to limit replacements and reduce environmental impact.
