Secure anti-theft bottle holder

The secure bottle holder is a professional, dual tamper-proof solution that simultaneously protects the bottle and pump against theft and unauthorised refilling. Made in France from aluminium and stainless steel — both recyclable materials — this plastic-free bracket encourages eco-refilling and reduces waste from disposable bottles. Its key-lock opening system enables quick unlocking in 3 seconds. Height-adjustable (153–176 mm), it fits all bottle formats. Oblong mounting holes make installation straightforward. Screws not included.
